Tracey Yurechko
Project Director for the Technical Assistance Center for Children who are Deaf and Hard of Hearing
Partnership for People with Disabilities Virginia Commonwealth University 700 E. Franklin Street, Suite 140 PO Box 843020 Richmond, VA 23284-3020
Email: yurechko@vcu.edu (804) 828-1342

VNOC is funded by a grant from the Virginia Department of Education and is operated using a reimbursement process through the Technical Assistance Center for Children Who Are Deaf and Hard of Hearing at the Partnership for People with Disabilities at Virginia Commonwealth University.

The Partnership for People with Disabilities is a university center for excellence in developmental disabilities at Virginia Commonwealth University. VCU is an equal opportunity/affirmative action institution providing access to education and employment without regard to age, race, color, national origin, gender, religion, sexual orientation, veteran’s status, political affiliation or disability. If alternative formats of this document are needed, please contact TraceyYurechko at 804-828-1342.
VNOC provides consultant services directly to Virginia school divisions and state operated programs to promote and enhance educational services for children who are deaf and hard of hearing including staff development training for school/program personnel as needed.

Funds are available to reimburse school divisions/state operated programs for VNOC services.

Here is what school divisions had to say about VNOC Services.

The process was easy and efficient.

The report was thorough and complete. It was able to provide us with insight of our student that we would have not been able to obtain with our own testing abilities.

Thank you so much for allowing us to tap into your expertise. We are most appreciative to have a partnership with VNOC!

Requests

VNOC professionals have expertise in one or more of the following areas as they relate to children who are deaf or hard of hearing:

- Amplification needs
- Assessment
- Behavior interventions
- Communication methodologies (American Sign Language, Cued Speech, Listening and Spoken Language, Other Sign Language Systems)
- Instructional strategies
- Sign language proficiency and educational interpreting.
